Marsh appoints Beth Foster as Senior Vice President, Broking, Marsh Re

LONDON, 17 November, 2026 – Marsh (NYSE: MRSH), a leading global professional services firm, today announced the appointment of Beth Foster (née Saunders) as Senior Vice President, Broking, Marsh Re, effective immediately. Ms. Foster is based in London and reports to Jonathan Powell, Managing Director, Marine, Energy and Technical Lines (METL), Marsh Re.

In this role, Ms. Foster will help further develop Marsh Re's contingency offering as part of the firm's broader crisis management platform, while also complementing its wider METL capabilities. Her technical knowledge and market relationships will support clients across a range of product lines, including political violence and terrorism, marine, and other specialty areas.

Ms. Foster, who joins Marsh Re from Aon Reinsurance Solutions where she has served as Head of Contingency since 2025, brings a strong reputation in the contingency market and deep expertise in advising clients on complex and highly specialised risks.

"Beth is a highly respected broker with extensive experience, strong client relationships, and proven leadership capabilities," said Mr. Powell. "Her appointment will further strengthen our contingency and crisis management proposition, enhance the support we provide to clients, and create valuable opportunities across our broader METL platform. It also underlines Marsh Re's continued investment in exceptional talent and our ambition to continue building market-leading specialty capabilities."

Ms. Foster added: "I am delighted to join Marsh Re at such a pivotal time for the contingency market. While clients operating in this space face increasingly complex and interconnected risks, Marsh Re's deep technical expertise, global reach, and collaborative approach across its METL platform mean it is well-placed to deliver the tailored, client-centric solutions this market demands."
