Hi, I’m Tim
Reinsurance Broker, Philadelphia

MY ROLE AT GUY CARPENTER
As a reinsurance broker, our goal is to be a trusted advisor to our clients in as many ways as possible. Structuring and placing a reinsurance program is understandably the first task that comes to mind, but we strive to help our clients wherever possible. This includes expanding into new lines of business, entering a new state or territory, or improving one’s AM Best Financial Strength Rating.

WHY I CHOSE A CAREER IN (RE)INSURANCE
Reinsurance has been an exciting career path due to the unique qualities it offers. Young professionals have the ability to interact with top executives of insurance companies in a meaningful way. Since reinsurance can have a major impact on the profitability and financial strength of a company, it is often a discussion topic on earnings calls and Board of Directors meetings. I’ve also found the job to be constantly changing. The challenges companies face today are not the same as 20 years ago, nor will they be the same 20 years from now. Knowing we have to adapt and evolve as our clients do is a constant reminder to not get complacent!

WHAT HAS SURPRISED ME THE MOST
Professionally, I’ve been blown away by the vast array of resources Guy Carpenter has to offer and the sheer number of clients the organization has. I’m anxious to learn more about Mercer, Oliver Wyman, and the other MMC companies to see what value they can bring to our existing relationships. Personally, being new to the Guy Carpenter organization by way of the JLT acquisition, I’ve been pleasantly surprised how welcoming and helpful my Philadelphia colleagues among others have been to us. You never know what to expect when joining a new company, but I’m extremely happy to call myself a Guy Carpenter employee.
